

Tuff-Wall Insulated Wall Panel

Metl-Span's latest innovation is Tuff-Wall, a stucco-like insulated wall panel that combines the attractive look of masonry with the efficiency of an insulated metal panel.

Features of Tuff-Wall

Appealing Appearance

- The attractive masonry look of stucco combined with the efficiency of an insulated metal panel.

Resilient Finish

- The field-tested and proven Tuff-Cote™ system provides an extremely durable impact and abrasion-resistant coating that withstands severe weather conditions.

Quality Assurance

- Backed by a 10-year limited warranty.

Construction Ease

- Unlike field-applied finishes that are vulnerable to damp or cold weather during installation, Tuff-Wall panels can be erected in virtually any weather conditions.
