

Horizontal Panel-Vertical Joint Detail  
(Plan View)

- Notes:
1. Interior perimeter sealants may be omitted for specific applications, subject to the project's design and operational requirements.
  2. Fire protection of the corner structural may be required, subject to the project's building code requirements. Fire protection of the structural members is not by Metl-Span.
  3. \*Screw type is subject to the support structural material and the panel thickness.
  4. To conform to the requirements of the ASTM E119 fire resistance rating, the filler insulation must have an approved classification marking for surface burning characteristics or fire resistance.

HORIZONTAL VERTICAL  
JOINT DETAIL

APPLICATION:  
COOLER/FREEZER
