

Wall Section At Window Head

Notes:

1. * Designates components provided or available from Metl-Span.
2. Reference the governing code for brick anchor spacing.
3. Brick anchor screw size (pull-out strength) is determined by negative wind pressure design requirements.
4. Reference brick and brick anchor manufacturer's information for specific brick and anchor details.
5. Window assembly shown as generic representation only.
Actual assembly is as specified by the project designer.
