

ARTISAN[®] SERIES

CONCEALED FASTENER SINGLE-SKIN METAL PANELS

The simplicity of the Artisan[®] Series Soffit Panel is its best design feature. Uniform dimensions and a clean aesthetic allow the designer to plan modules, eliminate complicated pieces and follow wall curvatures. The Artisan[®] Series Panel can be installed vertically, horizontally, perpendicular or skewed to the building line, allowing the designer multi-dimensional freedom to create.

Note: This panel is for soffit and interior liner panel use only.
