

CFR-42 ROOF PANEL ATTACHMENT

TECHNICAL BULLETIN
Vol. 4, No. 1
APRIL 2000

CFR-42 Roof Panel Attachment

The standard attachment to achieve Factory Mutual 1-90 approval is with two 1/4-14 x 2 in. Type AB self-tapping torx head fasteners in each clip.

We have now received alternate FM 1-90 approval using three 1/4-14 HWH #3 point self-drilling fasteners per clip.
